

> TECHNOLOGY GRAPHICS DIVISION

LSI Industries' Technology Graphics Division offers most any graphic solution to your medical device product. Whether it is a simple agency label with barcodes, or a full membrane switch keypad assembly, LSI can guide you to the right materials for the right application. LSI also offers a full line of services such as specialty diecutting of various roll stocks, thermoforming of plastic, component assembly, and JIT inventory / delivery programs.

> ISO 9001 Certified
